## Experience

### Tinkoff Bank

**Software Developer**    Mar. 2021 - Apr. 2022

Working in team creating small 2-4 months long projects ([project.tinkoff.ru](#)). Responsible for documentation, frontend, backend, deployment of several projects, internal packages and templates. Some of the projects include [kruzhok.project.tinkoff.ru](#) (backend, frontend for admins), [loud-fans.project.tinkoff.ru](#) (backend), [hungrymiles.project.tinkoff.ru](#) (backend, deployment), [grants.project.tinkoff.ru](#) (frontend for admins).

### Kaspersky Lab

**Software Developer**    Mar. 2018 – Mar. 2021

Started as an internship and turned into a full time position. Participated in two projects:

- React-based content editor**
- This content editor is used for content creation which is deployed on [kaspersky.com](#) website.
- Documentation, refactoring, testing components creation, UI, data handling of legacy code.
  - Participated in rewrite of project - created various critical components like inbound and outbound data validation using JSON Schema and data migration tool.

- Partner Portal**
- Development and support of [partners.kaspersky.com](#) website.
- Supported legacy code and took part in migration to a new platform - MVP was built under 3 months.
  - Created various components for portal with advanced business logic using HTML, JavaScript and CSS which are used on day-to-day basis by customers.

## Projects

**shortify** ([Website](#), [Github](#))

Fullstack (Express/React) link shortener app deployed on Google Cloud. Server-side session management, MongoDB as database, Email/password or Google OAuth 2.0 authentication.

**rxmask.js** ([Playground](#), [Github](#), [npmjs](#))

Advanced input mask package published on npmjs. HTML embeddable. Allows to specify format for every character.

**Weather Mood Radio** ([Playground](#), [Github](#))

Radio that picks Lo-Fi tracks from [SoundCloud](#) according to current weather, day time and season at your geolocation.

## Education

<b>Bachelor's degree in Information Systems Security</b> <i>MAI</i> , Sep. 2014 – Jun. 2018	<b>Master's degree in Information Systems Security</b> <i>MAI</i> , Sep. 2018 – Jun. 2020
--	--

## Skills

- Typescript
- Javascript (ES6+)

- Backend**
- Node.js
  - NestJS, Express
  - PostgreSQL
  - TypeORM
  - Passport.js

- Frontend**
- React, Redux
  - HTML5, CSS3, SASS

- Testing**
- Jest
  - Cypress, Puppeteer

- Other**
- Docker
  - Version Control (Git)
  - Agile (Scrum, Kanban)
  - Confluence, TFS, Jira
